

(MR. SPEAKER)

four others formed an unlawful assembly on 8th February 1960, in the afternoon on the Yellur-Wadgaon road, in Belgaum Taluka, with the common object of committing riot and mischief to the Bellary Nala Bridge and the said public road, to prevent the Revenue and Police Officials from carrying the attached paddy, etc., by the said road in prosecution of the said common object, they did cause riot and mischief.

2. The Belgaum Rural Police Station had sent up the charge sheet regarding the said offence on 23rd May 1960. At the end of the trial I have found to-day Shri N. O. Samaji, M. L. A., and four others guilty of the offence under sections 147 and 431 read with 149 of the Indian Penal Code and sentenced each of them to pay a fine of Rs. only, in default, to suffer simple imprisonment for seven days, under each count.

3. The said accused have not paid the amount of fine and they have been suffering simple imprisonment in the Central Prison, Belgaum."

MEMBER'S REPRESENTATION

†Sri J. B. MALLARADHYA (Nanjangud).—Sir, three or four days back I submitted two motions under rule 59 of the Rules of procedure. One matter related to the discussion of the Government Order passed by the Government on the Nagan Gowda Committee Report and the second matter was in respect of the proposed handing over of the Kolae Gold Field Mines to the Government of India. I am anxious that these two questions should be allowed to be discussed on the floor of the House before the end of the current session. The importance attached to both these subjects are obvious. In respect of the Nagan Gowda Committee Report, speaking briefly, the Government Order has caused a great havoc and panic throughout the length and breadth of Mysore State, particularly in regard to the admissions made to the professional and technical colleges and taking away from the purview of the Public Service Commission the appointment to Class three posts has caused a havoc. In a matter like this a decision has been taken without reference to the legislature. If I remember correct, about 44 years back the Miller Committee report was there and a decision was taken with the concurrence and acquiescence of the legislature. When it is a major question of policy, I consider that propriety demand that this House should have been taken into confidence, discussed in this House and a final decision then taken. If I remember correctly, and subject to correction, the Hon'ble Chief Minister on the floor of this House said

when the interim report of Nagan Gowda Committee was submitted that it was only an interim report and when final report is given we can discuss it. Whether he made a promise or not, the point is in view of the Statewide importance of this subject which affects nearly 80 per cent of the people in the State, it is very necessary that this House should be given an opportunity to discuss the report. That there has been a final order on the matter and all that, is not the point. Is it not open to get that order reversed or modified having regard to social justice?

In regard to the other question, i.e., handing over of the K. G. F. Mines to the Central Government, the members are perhaps aware that it is after a long time that the question of nationalisation of the Mines was decided as a major poling decision. There were several questions in this House and the answer elicited from the Hon'ble Chief Minister was that at the appropriate time the House will be consulted and its concurrence would be obtained before anything drastic takes place. Having regard to this, I consider that it is very necessary in the interest of the State itself that both these questions should be discussed and an opportunity given to this House to discuss all aspects of the question. I have said that these matters could be discussed for two hours but having regard to the number of representations coming from various parts of the State, I think that a whole day may be allotted. I wish to make this representation to the Hon'ble Chief Minister through you and I hope whatever may be the difficulty, he will agree for a free, frank and full dress debate to take place on these matters.

† Sri B. D. JATTI.—Sir, this is not the first time that these questions are raised. Sometime back there was a discussion on the Nagan Gowda Committee report and at that time I said that It will be considered. Now final orders have been passed and no purpose will be served by our discussing the report. So, it is not necessary to allow discussion to be carried on in this House on the subject.

Regarding handing over of K. G. Mines, I think the Hon'ble Member can move a resolution and that may be discussed. As far as Government is concerned, its intention is to handover the management of the Mines to the Government of India if they do not agree to pay the difference of two prices of gold, i.e., official price and the open market price. That is the position.

Sri J. B. MALLARADHYA.—The Hon'ble Chief Minister suggested that we might bring forward a resolution. He knows the actual procedure in this House and how the resolutions are taken up for discussion. How can we know that this resolution will come in the ballot and it will get a priority? I do not know why the Hon'ble Chief Minister was curt in denying an opportunity for discussion of the subject where 80 per cent of the population are involed and the recent Government Order has resulted in creating a lot of injustice to the majority of the people in the State. Even granting that an order has been passed, do you mean

(Sri J. B. MALLARADHYA)

to say that it cannot be revised or modified? Let them hear the members and how the order has come as a great hardship to the people. I think it is an order which has been taken without taking all aspects of the question into consideration. I would like the Hon'ble Chief Minister to reconsider the question and agree for a discussion.

Mr. SPEAKER.—When the Chief Minister has given a reply there is no alternative for me. The two subjects suggested by the Hon'ble Member come under official business and if the Government do not want them to be discussed, the Speaker has no alternative but to say that they cannot be discussed as official business. Of course if the members want any special resolution to be moved on the K. G. F. Mines, I would just consider what should be done in the circumstances.

Sri C. J. MUCKANNAPPA.—Sir, why not other one also.

Mr. SPEAKER.—Of course we can give notice of a resolution on any subject. But, I think there is an opportunity to discuss this at the time of supplementary demands.
